Paulino Cristovao

Data Scientist | Machine Learning | AI Engineer | Data Engineer
Courbevoie, Île-de-France, France

Experience

SCIAM
Data Engineer
June 2023 - Present (2 years)
Paris, Île-de-France, France

Technologies
We identify, design, and implement innovative and robust technological solutions to solve our clients' concrete problems.

Behavioral science
We analyze cognitive behaviors to understand the inner workings of individuals and organizations, and to optimize their decision-making processes, habits, and use of technology.

Organizations
In partnership with the world's first school of collective intelligence, we are inventing and testing new methods to effectively solve today's and tomorrow's complex problems.
